

Company Information

Wasaya Petroleum LP began operations in 2000.

Wasaya Petroleum LP is wholly owned by 10 First Nation communities.

The Administration Office is located in Winnipeg, Manitoba.

This office handles all the administrative functions for the company. Senior management is based in this office.

The **Pickle Lake Office** handles all of the day-to-day operations such as taking fuel orders from the Northern Communities. The fuel is then delivered by air or by winter road. **This office is the main contact for customers** from the Northern Communities.

Thank you to our valued customers for your loyal and continued support! Of course, we would welcome new customers!

2011 Update

We had an excellent winter road season given the cold weather and snowfall experienced this winter. Road crews in the First Nation communities worked hard to build the winter roads and deliveries started a couple days into February and ended the last day of March. Full loads got underway the third week of February on most roads so freight costs were minimized. Our clients were able to obtain all the product they originally arranged for and many topped up their tanks during the last couple weeks of March. This year was a complete turnaround from the poor winter road season in 2010.

Winter roads just don't happen. Thanks go to our great staff in Pickle Lake including Sam McKay, Samantha Keesickquayash, Chris Bott, James Derouin and Mike Shewan. Thanks are also extended to our business partners including Morgan Transfer, Paul's Hauling, Central Canada Fuels and OLCO. Last but not least, we would like to thank our clients for their support. Without them, we wouldn't have the successful business we do.

Recent exciting news involves the repurchase of Wasaya Petroleum shares owned by a minority partner in Winnipeg. Wasaya Petroleum is now wholly owned by the 10 communities who make up Wasaya Group.
